The Enterprising Ideas Business Planning Competition

You don't even need any prior experience;

as long as you have an idea for either a socially driven or commercial business, we want to hear from you.

The competition is **open to all students** at the University of Sheffield, whether you're an undergraduate newbie or a veteran working on your PhD.

To enter,

all you have to do is have an enterprising idea, whether social, commercial, or a business you've actually already started. Once you have that, register your interest, complete an application and submit a business plan, and you could be in with a chance of pitching to win a big cash prize.

Simple.

By taking part you not only stand to gain the money to get your ideas moving, but also will build loads of really valuable skills along the way.

Enter now!
